MANITOBA HEAVY CONSTRUCTION ASSOCIATION INFRASTRUCTURE QUESTIONNAIRE

Q: On a scale of 1-10 (1 being the highest) how do you rank investment in core infrastructure as a priority for your municipality?

A: 1

Q: Does your campaign platform address your municipality's infrastructure issues/budget? Please tell us how, briefly:

A: Yes, my campaign focuses on safer streets and smart investments for a stronger economy. This means getting the basics right: fixing roads and back lanes, renewing water and sewer infrastructure, and building safer routes for vehicles, pedestrians, and cyclists alike. These investments are fundamental to the social and economic wellbeing of all Winnipeggers and must be prioritized within an environment that keeps taxes affordable and public services sustainable.

Q: On a scale of 1-10 (1 being most concerned) how concerned are you about the shortfall in the annual investment in Winnipeg's core infrastructure?

A: 1

Q: Do you support increasing the local and regional streets budget annually by at least \$11 million – the amount that 2% raises each year?

A: Yes

Q: Do you support maintaining the practice of contributing to the local and regional streets program via cash contributions (annual tax revenues)?

A: Yes

Q: Do you support pressing the provincial government to strike a provincial panel to review options for a new fiscal deal?

A: Yes
